PROFESSIONAL SUMMARY

Senior esports & gaming operator with 10+ years across commercial strategy, partnerships, marketing, and project delivery — operating across MENA's most active esports market. Hybrid technical-commercial profile: writes methodology, ships product, closes deals. Currently authoring Team Falcons' commercial stack and running an active sponsorship pipeline across MENA, SEA, and global markets.

- Author of Team Falcons' commercial stack — pricing methodology (200 talents vs FaZe / Cloud9 / T1 / NRG / 100T), 140-page Agency Framework v5.0 (4-phase brand investment model · 13 counterparty tracks · KSA-governed under SCCA Riyadh arbitration), and a bilingual Arabic + English Mandates OS tracking ~SAR 2.3M of active commercial pipeline.
- Closed Sony INZONE × Team Falcons sponsorship via Ruder Finn Atteline (USD 11.2K, 5 creators, 12 deliverables, KSA discount-code mechanic); in-flight pipeline includes GameSir × NODWIN, HADO partnership, Falcons Philippines M5, Vega SEA MLBB, and NVIDIA AR / Madv × INZONE creator briefs.
- Led Esports World Cup commercial delivery (778+ deliverables across marketing/social/broadcast, 5M+ viewers reached); pitched 78+ brands across 5 agencies; onboarded 6 clients with 20% revenue growth via tightened account-management execution.
- Multi-hat operator across methodology design (CPM modeling, market audit, rate-card calibration), commercial execution (closed deals, contract negotiation), framework architecture (governance, PDPL compliance, arbitration clauses), and delivery (Agile, vendor coordination, technical QA).
